

Junior Lions Sponsor Dance

Warmer, Brown Baxter Geeting Seeking Office

Nominations For Officers Given Today Start Hot Campaign

George Warmer, Baxter Geeting and Delmar Brown were to be nominated for the office of Associated Student president this afternoon in the regular assembly at 1 o'clock and nomination speeches for all other candidates were also to be given. Petitions have been circulating around the campus for the last several days to secure the necessary five per cent enrollment.

Four offices are to be filled by ballot and the new board will appoint the commissioners that make up the rest of the executive board. The program today was originally part of Junior Lions week, but due to the necessary nominating and business and the illness of the lead in the play scheduled on the program, the Lions have given up entirely their plans for an assembly.

Petitions have been taken out for the following students: president, George Warmer, Baxter Geeting and Delmar Brown; vice-president, Abbot Mason and Bill Hewitt; secretary, Mildred Staples and Virginia Thomas and treasurer, Owen Lampman.

Christmas Dance Best Of Season

Beautifully decorated with silvery tumbledown and scarlet and silver, the Santa Ana Country club was the scene of the junior college Christmas dance. There were many alumni there who were home from colleges all over the state.

The features of the program were several clever tap dances by Miss Dixie Chapman and Miss Ava Stovall, pupils of the Putnam School of Dancing. They were accompanied at the piano by Miss Josephine Hardin.

The programs carried out the scarlet and silver motif, a deer on the outside carrying out the Christmas idea. The favors for the evening were slender green wands topped by Christmas trees and poinsettias with snappers attached which were distributed among the dancers. The music was provided by the Harrel orchestra.

Chaperones for the dance were Mr. and Mrs. D. K. Hammond, Mr. and Mrs. H. O. Russell, Mrs. Robert Northcross, Miss Agness Todd Miller, Miss Mabel Whiting, and Miss Anna May Gilles. It was one of the most enjoyable affairs ever held by the college students.

The only unpleasant thing about it was that twelve o'clock came before the dance program was finished.

DEBATERS TO MEET SOUTHWESTERN

Resolved: "That social fraternities and sororities in American colleges and universities are undesirable," is the question in a debate tomorrow with Southwestern university of Los Angeles with June Arnold, Jean Giller, Katherine Spicer, and Betty Maloney representing Santa Ana.

June Arnold and Katherine Spicer will journey to Los Angeles tomorrow where they will uphold the negative. On Friday, Jean Giller and Betty Maloney, the affirmative team, will meet the Los Angeles squad on the home campus.

Social fraternities and sororities are problems of much discussion at the present time. With the Oregon plan of cross-examination this debate

Geeting's Qualifications For President

Baxter Geeting, present commissioner of forensics and president of the sophomore class, would be a very good choice for Associated Students president and his backers point to his past record with pride.

Before entering San Diego State, Geeting attended the San Diego high school, where he was president of the student body, president of the freshman and sophomore classes, a member for two years of the football and wrestling team and a prominent member of the Speakers club. When he entered San Diego State, he was elected president of the freshman class and played freshman football.

Since entering junior college in Santa Ana, Geeting has distinguished himself in many lines. He was appointed Don for the annual Fiesta, ran Robert Chapman a close race for Associated Student president, was elected sophomore class president, is a member of the Junior Lions, organized the Forensic club and played regularly on the football team.

Bachelors Plan For Annual Ball

Meeting at the home of Bob Chapman in Lemon Heights Monday evening members of the Brotherhood of Bachelors held their bi-monthly business session.

Plans for the annual Bachelors' ball, the date of which has been tentatively set as February 23, were discussed and committee chairmen named to make arrangements for the affair. Chet Page, Grand Exalted, will be in charge of the affair and is being assisted by George Butler, Art Beddoes, Rod Smiley, Jack Sweetnam and Rod Chamberlain.

Orville Schuchardt was formally initiated into the brotherhood raising the membership to a total of 20. Although five more can be admitted before filling the quota of 25, no more pledges are serving for membership.

Grand Exalted Chet Page urged every Bachelor to support the Junior Lions by attending their coming dance.

Y. M. And Y. W. Plan Mountain Retreat

Members of the Y. W. and Y. M. C. A.'s cabinets completed plans for a retreat of the joint cabinets. Miss Louise Ward and Lawson Watkins are the joint chairmen in charge of this retreat.

Two cabins have been secured at Strawberry Flats and the cabinets will go up there in the first week end of February. The members of the two "Y" units will leave on Friday evening and return Sunday night. Winter sports are expected to be enjoyed during the stay.

ANNUAL LIONS BALL TO BE HELD AT SANTA ANA COUNTRY CLUB NEXT SATURDAY EVENING

Large Attendance Expected For Purple And Gold Dance Which Will Conclude Festivities During Annual Week Of College Prominence

Plans for the second annual Purple and Gold dance which is being staged by the Santa Ana junior college Junior Lions club Saturday, January 11, have been completed. This affair which will bring Junior Lions week to a close will be held at the Santa Ana Country club.

Purple and gold, the colors of the organization, which have given the dance its name, will be used throughout the decorative scheme, which will also include some ionic effects. Programs will be consistent with this idea.

Sanford's orchestra has been engaged to furnish the music for the occasion. According to those who have heard this musical organization, it is a snappy group of foot stimulators.

Although the time has been set at

9 o'clock, programs will not be used until 9:35, thus giving everyone plenty of time to get there after the basketball game with Santa Monica, which was moved up 30 minutes.

Through the cooperation of the student body it has been made possible for the Junior Lions to give a very fine dance at an exceptionally low price. Tickets cost only 50c a couple and can be obtained from any Junior Lion.

General arrangements for the event are in charge of Stewart McPherson, president of the club, assisted by the entire membership.

The dance last year was a huge success and was staged in the Ebell clubhouse. Bizarre lighting effects and novelty features marked the event as one of the best of the year and plans for the 1930 "hop" point to an even better occasion.

Brown's Qualifications For President

Delmar Brown, popular athlete and prominent student is well fitted to take over the duties of Associated Student president and his backers are confident that if he is elected, he will prove one of the most capable executives.

Brown attended the Santa Ana high school where he was very influential. Besides being commissioner of publications, a member of the Hammond club

of Belles Lettres, the Forum club and permanent member of the Honor Society, Brown was captain of the Class B basketball team and star on the Class C team.

Upon entering junior college, Brown immediately took an active interest in many activities and was freshman president the second semester. At present, he is president of Beta Gamma, member of the Algal staff and the Junior Lions.

Don Staff Freezes No Longer By Gosh!

No more will staff members of the Don walk around the halls shivering, holding a handkerchief to their nose and complain of the cold. No more. Why? An inspection of the quarters in the print shop will disclose the reason.

In a moment of wild fury at the tomb-like chill of the print shop, several erstwhile journalists expressed the fervent desire for stoves, radiators, heaters or anything in that category to heat their benumbed bones. And possessing much nerve

and initiative, (the essentials of any newspaperman,) they proceeded to buy themselves a stove. And not to be outdone, the high school Generator staff has also invested in such a contraption and Mr. Williams too. The print shop proper is heated with steam, but the private offices were not treated.

And a weary janitor mumbles incoherent nothings as he stoops every morning to light the three stoves to provide the editors with warmth. Alas!

LONGFELLOWS HAVE EVENTFUL YEAR

As the present semester draws to a close, members of the Society of Longfellows look back over their achievements with pride and predict a better record than ever for the next term.

Perhaps the outstanding event was the assembly and fashion show, November 27. At this time, 15 members dressed as girls and staged a garden party which kept the audience in continual laughter. Another publicity stunt was the entry in the Armistice Day Parade at Huntington Beach when four Longfellows steered a four-seated bicycle in the procession. Just before vacation, the faculty were decisively beaten in basketball 32 to 13 but came back with a challenge in golf which will be accepted soon. Officials of the local club were instrumental in forming a similar organization in San Bernardino junior college and has received a challenge in basketball from

San Berdo.

The first act of the club was to petition the Santa Ana city council to raise the awnings in the business district and the hearty cooperation of the "city dads" in enforcing the seven foot statute was secured. Pictures and writeups of this unique club, composed of boys over six feet, have appeared in all the Los Angeles newspapers as well as the two Santa Ana publications.

Members were to meet this afternoon at 3 o'clock in the A. S. B. office for the first meeting of the new year and large attendance was expected. Club dues were to be discussed, ideas for a dance, outing or big event of some kind were to be given and the possibility of becoming a charter member of the National Society of Longfellows was to be decided. Any boys of the required height is urged to attend the meeting, according to John "Sky" Dunlap, president.

Warmer's Qualifications For President

George Warmer, president of the Santa Ana junior college Y. M. C. A. and declared to be the most active ex-officio of that organization, was formerly student body president at Bakersfield junior high school.

Besides participating in many other activities, he played full-back on the Los Angeles city championship B football team at Los Angeles high school. Later at Santa Ana high school Warmer was awarded the position of all-coast end. In addition to this honor he gained additional administrative experience through the positions of self-government representative and secretary of the Boys' Federation.

Warmer's administration of the "Y" this year alone qualifies him for the position of Associated Student Body president. Never before has this organization forged so far to the front in student activity and never before has the "Y" had such a large membership. Dependability describes this candidate. Whatever he undertakes he carries out in a thorough manner—a quality which is rare.

Public Speaking Contest To Open

Baxter Geeting has been selected to represent Santa Ana junior college in the first annual Public Speaking contest to be held Friday at San Bernardino junior college. Contestants and coaches will dine at 6 p. m. as guests of San Bernardino.

At 7 p. m. the contestants will be allowed to draw their topics after which one hour will be allowed in which to prepare a ten minute speech. No coaching will be permitted during this hour. At 8 p. m. a drawing will be held to signify the order of presentation.

According to George H. Bell, commissioner of forensics at San Bernardino he secured the topics by writing various leaders in the athletic field asking them to submit a list of five topics, "Which are sufficiently broad in scope to allow a reasonably well informed person to speak for ten minutes and yet so restricted as to eliminate the possibility of a previously prepared speech."

January 23-31 Set For Semester Exams

Semester examinations will take place between January 23 and 30. The test periods will be three hours long from 9 to 12 and 1 to 4.

In order to complete courses every student must pass these examinations. Failure to finish semester exams results in a request to leave the college. No excuse is accepted for failure to be present for the tests, it was announced by the office.

Registration for courses next semester will be held on February 3 and 4. Regular school work will be resumed Wednesday, February 6.

FRENCHMEN HAVE NOVEL DINNER

Members of L'Hotel Rambouillet French club will get together to enjoy their long planned progressive dinner, Friday evening, January 10. Conflicting dates, which caused postponement of the affair last month, have been avoided this time, and the much talked of and long anticipated dinner is to be held in true style.

According to Isabelle Siracusa, club president, the dinner will have five courses and will be in four different towns. What each course will be is not being made known but will come as surprises to the club members as they proceed from house to

Junior Lions Club Completes Big 1929 Program

State Convention In May Brings 200 Lions To Santa Ana

Marking the close of their first year's activity the Junior Lions are celebrating the second annual Junior Lions week. This period which began Monday will come to a close Saturday evening with a brilliant dance at the Santa Ana country club.

In reviewing the year several achievements of the organization are outstanding. Soon after being organized the club successfully put over its first annual week, which included the editing of the Don, the presentation of an assembly program and the staging of a dance.

Probably the biggest occasion of the past year was the State Convention which was held here last May under the direction of the local chapter. About 200 Junior Lions from over the entire state were present for the three days. Financially the affair was so well managed that the state treasurer found a surplus on his hands instead of the usual deficit. At this time Willard White, first president of the local club, was elected to a place on the state Board of Directors.

This year the club has waged a valiant battle to put over the long needed Student Center. Although the idea was almost defeated by the Board of Education it is expected that the efforts of the organization will bring the plan to a successful completion within a few days.

Several social affairs have also been given during the year, including a reciprocity affair with the Brotherhood of Bachelors at the Lake Norconian club last month.

Individually Junior Lions have been active in student affairs, some of them filling responsible positions in the student government. In every way the organization has endeavored to apply its basic principle of service.

Picture Schedule Given For Algal

Frank Mansur, business manager of the Algal, gave out today the schedule for the first yearbook pictures to be taken at the Austin studios in the Otis building at 4th and Main streets. Students are urged to keep in mind the following dates:

Wednesday, January 8; sophomore officers, freshman officers, the Don staff, Rodney Chamberlain, Carl Bergman, John Dunlap, and Frank Mansur, C. C. Stewart, D. K. Hammond, J. R. Bruff, Dean McKee Fisk and Mrs. Eleanor Northcross.

Thursday, January 9, February graduates; Friday, January 10, football individuals, in helmets and jerseys; Monday, January 30, inside pictures of executive board, yell leaders; Tuesday, January 21, Algal staff.

Crothy Diehl will serve the first course at her home in this city and Miss Watson will serve the second course, also in Santa Ana. The club members will next proceed to Garden Grove where Ester Guyton has arranged the third course and a ride to Huntington Beach will be necessary to partake of the fourth course at Isabelle Siracusa's home. Hazel Guilbert will serve the members the last course in San Juan Capistrano.

A program has been arranged to entertain the members at the various homes and as they progress along their journey.

DON SPORTS

Dons Defeat U. S. C. Dentists 44-34

Santa Ana, Defeated By Los Angeles, Entertains Santa Monica Corsairs In Conference Clash Saturday Night

Fresh from a decisive 44 to 34 win over the University of Southern California Dental college but still smarting under the 54 to 34 lacing received at the hands of Los Angeles junior college last week, the Santa Ana junior college basketball team will take the floor against Santa Monica Corsairs in the second conference game of the season Saturday night in the Saturday night in the Santa Ana gymnasium.

Because of the Junior Lion dance, the game has been set forward to 7:30 o'clock, Santa Monica is meeting the Dons for the first time this year as it is a new school in the conference. Little is known of the Corsairs as they drew a "bye" in the schedule last week. Santa Ana has an impressive pre-season schedule and was defeated only once, by the Orange Concordia Athletic club.

Coach Bill Foote has experimented with several lineups in the past few days but his present starting team will probably consist of Squires and Schuchardt, forwards, Twist center and Beatty and Sweetnam guards. However, Valentine, Lindsey or Brown might start at guard assuredly will see plenty of action. This goes also for Dunham, Appleby, Corral, Dutton, McPherson and Olivaries.

Interclass Tennis Matches Start Here

Interclass tennis matches have started for the girls and thus far, neither class has the advantage. The freshmen have a slight edge over the sophomores, due to their numbers.

The result of the first round of the interclass tournament is as follows: Earley won over Ball 6-1, 6-2. Lee won over Teel 6-4, 6-0. Bahr won over Nelson, 6-4, 6-4. Samuelson won over Krone 6-4, 6-1. Ford won over Fitz, 6-1, 6-3. Gardner and Smith have yet to play.

The opponents in the second round will be Earley vs. Lee, Metzgar vs. Samuelson, Bahr vs. winner of Gardner-Smith match.

Girls' Basketball Season At Close

With the passing of basketball, feminine athletics are looking with great interest toward hockey, the latest sport attraction.

Hockey is one of the major sports and is voted one of the most popular. All girls going out for this sport will secure fifty points for squad, additional being secured if first or second team is made.

Practice takes place on Monday, Wednesday and Friday at 3:00. All girls are urged to come out for this sport. There will be some keen competition between classes—the freshmen will not have forgotten the class victory of the sophomores during basketball season.

During basketball season a number of J. C. women took it upon themselves to coach basketball in the elementary schools. This coaching was done by the girls of their own free will and Mrs. Ellen Foote would like to thank the following girls for their services in this behalf: G. Earley, A. Teel, H. Lee, K. Kendall, R. Smith, P. Kennedy, F. Larrabee, L. Olsen, L. Whisler.

Outplayed by a superior team, the Santa Ana junior college team basketball team nevertheless put up a good game Saturday night in Andrews gymnasium against the strong Los Angeles junior college hoopsters who downed the Dons, 54 to 34, in the first conference clash of the season.

Whereas the Santa Ana players had to be content with long shots from the center of the floor, the Angels frequently penetrated the Don defense and dropped setups through the meshes. The Angel teamwork was brilliant and effective. Accurate passes and shots put the Dons in the hole in the first minute of play, a situation they never were able to overcome.

Every member of the Los Angeles first string was a six-footer as were most of the substitutes as well and it was hard for the Dons to take the ball off the backboard as easily as their opponents.

Englehardt, rangy forward, got the first basket on the opening tip-off and sent the Angels on their scoring orgy. Bob Squires, Don forward, contributed with two free throws later but the score was 12 to 2 at the end of the four minutes of playing.

Offense Works Perfectly

A lightning fast offense worked like a charm and indelibly stamped the Metropolitans as one of the best jaycee squads in the circuit. This is the first year that Los Angeles has competed in the conference as the college was only established in September but already nearly 2,000 students occupy the old U. C. L. A. campus, where the new school is located.

The officiating was the strictest seen here in some time. Hilarious students from both colleges were soon quieted when the referee called technical fouls for unnecessary noise. This stringent action and subsequent other penalties helped the Dons a great deal for the 34 local points, 14 were via the free throw route, as compared to 4 for Los Angeles.

L. A. Short Shots Fatal

Short shots proved the undoing of the Padres and 10 setups in the first half left the score at 23 to 11 for Los Angeles. Captain Jack Sweetnam, Vernon Valentine, "Truck" Lindsey and Delmar Brown all guarded valiantly but couldn't cover the whole team. Both coaches used a new team at the close of the first period, each (Continued in column 6)

1930 Track Team Begins Practice

Quite a few Santa Ana junior college boys with ambitious thoughts of joining the track and field team are working out daily on Poly field although no official call has been issued by Coach Bill Cook.

Captain Joe Warner, crack quarter-miler and weight man, has rounded up a host of veteran tracksters, both from last year's Don squad and freshmen from various prep schools. Warner is a former Santa Ana high school star and succeeds "Red" Guyer, Santa Ana's "fastest citizen," as skipper of the track squad.

Ed Adams, fast half-miler from last year, should have a great year in 1930 and so will Wayne Garlock, grid star who came up from the Saints.

Tommy Cone, captain of the Saints last season, is seriously considering entering junior college in February and if he does Don stock will go up quite a bit. Tommy, one of the gamest and best half-milers in the history of the local school, got down around two minutes last spring and made a good showing in all the meets, including the Southern California interscholastic races.

Another distance man from Coach "Tex" Oliver's strong team is Tom Donahue, miler. This boy had two years under Oliver and ran consistently between 4:40 and 4:45 for the four laps. Leland Dresser, another distance runner who was on the team last year, runs both the mile and two mile.

The distance and weight events are fairly well padded out but sprinters are as scarce as hen's teeth. Only one sure prospect is in sight for the dashes—Warren Schutz of Anaheim. Schutz ran 10.2 seconds last year and Coach Cook thinks he should make 10 flat consistently. Captain Guyer left a mighty big hole to fill for the Dons were always sure of points in the dashes, with the red haired flash running the century under 10 flat and the furlong under 22 seconds.

Three high jumpers will be out to lower records. Vernon Valentine, letterman, Jack Sweetnam, another veteran and Art Jacques, former Santa Ana high school ace, will all be in the event. Valentine, a big rangy

Girls' Basketball Scores Published

Last week the official list of girls making the teams in basketball and volleyball was posted in the gym. All girls making first team have 100 points to their credit; second team has 75 points and the girls in the squad gained 50 points.

The following list is posted for basketball.

Sophomores	Freshmen
First Team	First Team
Goodrich	Bahr
Harman	Hendricks
McDonald	Hurd
Spicer, I	Lee
Spicer, K.	Marshall
Staples	Smith
Thomas	Teel
Westover	Walton
Woods	Whisler
Second Team	Second Team
Compton	Cox
Haskall	Hamilton
Larrabee	Kendall
	McKinstry
	Samuelson

Squad	Squad
Harper	Day
Vierira	Jimenez
Wiswall	Parsons
	Stein

The list of volleyball girls who have gained 25 points:

Sophomores	Freshmen
Harman	Jimenez
Woods	Lee
Staples	Walton
McDonald	Hendricks
Westover	Whisler
Spicer, I	Marshall
Spicer, K.	Smith
Goodrich	Bahr
Compton	Hurd
Larrabee	Samuelson
	Kendall

boy, has the edge over Sweetnam, who is quite small but leaps high anyway.

Jacques will be hard to beat. He always threatened six feet in prep school. The Jacques family boasts three star high jumpers, Bob cleared six feet for the Saints and the Dons. Art is in his first year of college. Paul the youngest, is a junior in high school, but already capable of 5 feet, 10 inches.

Jack Rimel, vaulter, has another

Santa Ana Junior College Hoopsters Overcome Dentist Lead In Last Frame And Register 44 to 34 Win Tuesday

Lack of reserves was one of the biggest factors in the 44 to 34 defeat handed the University of Southern California Dental college basketball team last night by the strong junior college Dons in a practice game on the local floor.

Only six players were able to make the trip for the dentists and although they held the lead for the first half, allowed the Padres to take the lead at the three quarter mark and spurt out ahead in the last stanza. Twist and P. Arneich were tied for high point honors with 12 digits while Captain Sweetnam and Schuchardt came next to Twist with 9 and 8 respectively. Dunham, Beatty, Schuchardt, Twist, Sweetnam, Brown, Valentine Squier and Appleby all played a good game although every man on the squad got a good chance to display his stuff.

Santa Ana (44)	(34) Dental
Schuchardt	F.....(3) Markin
Tanaka	F.....(c) (6) Grant
Twist (12)	C.....(12) P. Arneich
Sweetnam (c) (9)	G.....(6) Arneich
Beatty	G.....(5) Smith

year with the pole and should better his 11 foot mark this season.

In the weights, Carol Bertolet will toss the discus and Captain Warner will put the shot. Coach Cook will develop Warner or someone else in the javelin for that is his favorite sport. While competing for U. S. C. Cook participated in the IC4A meet and hit 200 feet on several occasions. Blanchard Beatty, Don all-around star, was adept at throwing the spear last term.

(Continued from column 2)
squad holding the other virtually scoreless.

Los Angeles spurted out in front at the start of the second half with a flood of baskets that soon raised the score above 40.

Santa Ana, dazzled somewhat, then rallied and for a time outplayed the visitors while sinking some baskets themselves. Appleby, Squires and Twist all dropped two in the hoop but the "dead eye" shooting of Captain Finch of Los Angeles was too much for them.

Santa Monica Next

Santa Monica brings its quintet to Santa Ana next Saturday for the second conference game. Santa Monica also is making its debut in jaycee circle this year. Little is known of Santa Monica's strength because it drew a "bye" in the schedule last week and will meet the Dons in its first game.

Don Delegates At Y. M. Conference During Vacation

Declared the most successful annual Y. M. C. A. conference held at Asilomar, this year's conclave was in session from December 26-June 10.

Led by Dean McKee Fisk, Santa Ana junior college sent 14 delegates, each of which took an active part in the sessions. Approximately 350 delegates, representing practically all the colleges and universities, participated.

Delegates were sent from the University of Hawaii. There were also representatives from India, Chile, Africa, and the Philippine Islands attending the conference.

Arriving on December 26, the Santa Ana delegation found Asilomar to be a beautiful scenic spot with mountain pines and the ocean almost touching each other. Asilomar, which is located about 400 miles up the coast near Monterey, proved to be an ideal location for this annual conference.

Each day presented an excellent educational program. On arising each morning a short chapel worship was held. Breakfast soon followed and then a corporate worship in which everyone participated was engaged in. The most helpful part of the whole day's program was the discussion groups. Various questions such as religious problems, problems of belief, and international problems were thoroughly discussed by the seven groups of young men, into which the conference had been divided. Some of the very well known leaders who led the discussion groups were Dr. Charles W. Gilkey, Dean of Chapel at University of Chicago, Dr. Thomas W. Graham, Dean of Oberlin College, Oio, Dr. Raymond C. Brooks, head of Department of Religion at Pomona, and many others. Dr. Gilbert V. Hamilton, a man of wide travel and experience, proved to be a wonderful advisor. Dr. Hamilton held personal interviews with the students discussing problems which might con-

CLUB COMMEMORATES FAMED GERMAN MEN

Commemorating the lives of famed German characters will be the theme for the monthly social meeting to be held by the German society on the tentative date, January 31, which is the birthdate of Franz Schubert, the famed musician.

The program will consist of a review of selections of songs and essays of Schubert; Franz Grillprazer, dramatist; Groth Lessing, writers; and Wolfgang Mozart, the composer.

The society has been conducting their programs in honor of famed German characters whose birthday occurred in that month. A review is made of their famed works in the German language, the results of this work has been very beneficial, for the students.

front each individual. Dr. Allan A. Hunter, pastor of the Mt. Hollywood Congregational church also assisted in this advisory capacity.

A music hour was enjoyed at 5 o'clock each afternoon. Dr. Alexander Stewart, Dean of College of Music at the University of Southern California, was in charge of this entertainment.

Athletic games were enjoyed in the afternoons. George Warner led a group of Dons against a picked group from Los Angeles junior college and triumphed 20-7 in a basketball game. Later the same squad composed of George Warner, Delmer Brown, Bill Reinhardt, Calvin Stillwell, and Owen Lampman dropped a hard fought game to the University of Hawaii. Santa Ana and Fullerton delegates joined forces in a touch football game against the Waiters union of Asilomar but lost 6-0. Baseball was also engaged in.

Those attending from Santa Ana included Dean Fisk, Frank Miles, Delmer Brown, Tom Clark, Bill Hewitt, Cardwell Oglesby, Leroy Arnold, Eldon Bragg, Owen Lampman, Bill Reinhardt, Jack Rimel, Calvin Stillwell, George Warner and Lawson Watkins.

Shakespearian Play Inspires Tatlers

"Romeo and Juliet" have come to life upon the stage for certain members of the Tavern Tatlers who witnessed the excellent production of the Stratford Upon Avon Festival Company at the Belasco theatre in Los Angeles, Tuesday evening, January 7.

The Stratford Upon Avon Festival Company has achieved abiding popularity in its home theatre, the Memorial theatre at Stratford, as well as gratifying success abroad. From April to August every year, this company produces plays at the home theatre which since the burning of the original Memorial theatre, has occupied temporary quarters. The cornerstone of the new Memorial theatre was laid last July and it is expected that the theatre will be ready for occupancy in the spring of 1931.

The players make an initial tour of Canada and America last year for the purpose of arousing interest in the organization. The profits of the productions go toward the building of the new theatre.

Following the old English practice, the company boasts not of stars, but of a complete cast of equally skillful actors. An actor may have the leading part of one play and a comparatively unimportant part of another.

The Tavern Tatlers proclaimed the play given Tuesday a most thoroughly satisfying performance, with each player in the cast a skilled master of the drama. Many Tatler members expect to witness other productions of the players before their closing night, January 18.

Those who went Tuesday included the following members: Abbot Mason, Mary Louise Wallace, Frances Larrabee, Phyllis Jamison, Florence Caverly, Katherine Spicer, Fred Humiston, Mary Blakeman, Dorothy Harman, Baxter Geeting, Mary Ford, Lavinia Compton, Virginia Thomas, and Corinne Nelson.

Miss Eleanor Reid Weds In Vacation

Miss Eleanor Reid, former Santa Ana junior college co-ed, became the bride of Alan H. Hoge, of Santa Ana, Saturday, December 28, 1929. The ceremony was performed at the Presbyterian church in San Bernardino.

Immediately following the ceremony the young couple motored to Balboa Beach where they spent a brief honeymoon at the Ransom Reid summer cottage.

The bridal couple were entertained by their wide circle of friends at the Reid home New Year's eve with a delightful dinner.

Mr. Hoge is well known in the printing circles of Santa Ana and Miss Reid is a popular Donna and a former reporter for the Times. The young couple will be at home to their friends at the Bungalow apartments.

Print Shop Has Successful Year

"The best year we have ever had!" Such is the report of Thomas E. Williams, print shop instructor, when questioned concerning the accomplishments of his shop during the semester. More work and of a higher order, was put out than ever before in the history of the school; among these are the 24 page Don, ten page Generator, 48 page Tavern Post, and the historical map of Orange county printed in four colors for the American Association of University Women.

This notable lot of work was permitted by the addition of four new rooms to the print shop, built this year. Mr. Williams stated that it takes about two weeks to print such a Don magazine as was made this year, and about the same time was required for the enlarged Christmas edition of the Generator.

During the past few weeks the shop has been printing the new disbursement authorization blanks for the school. These books were formerly made in duplicate form and were changed into triplicate. Fifty of these books were printed, totaling 2,500 pages.

Williams receives many catalogues from other schools that teach printing, in order to secure all the new and best ideas. He has just received the Syllabus of the London School of Printing and Kindred Trades. This institution is supported by the London City Council and has an enrollment of 3,000 students. Each student must be employed in some printing firm before being allowed to enter the school.

Motoring up to Berkeley, Miss Maurine Sims spent the vacation at her uncle's home at Carmel. Returning Miss Sims attended the Teacher's Institute in Los Angeles.

He: "What kind of lipstick is that?"
She: "Kiss-proof."
He: "Well, rub it off; we've got work to do."

BOX SOCIAL FEATURES SPANISH CLUB MEET

Members of the Cervantes club will hold a box social in their last meeting of the semester at 284 Jewel Place, Orange on Wednesday, January 15, at 6:30 o'clock. A general election of officers for the coming term will be held also.

Miss Mary Louise Wallace is social chairman; Miss Phyllis Jamison refreshments and Vernon Valentine is in charge of transportation.

Every member of the club requested to sign up on the board for the party.

Ed Adams Pres. Of Breakfast Club

Ed Adams was elected president of the Breakfast club at the business meeting held just before the discussion Sunday morning.

Other officers chosen were Fred Humiston, vice president and Bill Crawford treasurer. The members were asked to be thinking about who they would like to have for song leader, a position which Mr. Fisk, is filling at the present time but which he stated that he would be very glad to relinquish.

Librarians Receive Practical Training

Under the competent guidance of Miss Lillian Dickson, the library science class has been learning the art of book binding and repairing. The class of fourteen girls have been meeting in the high school library department where they mend the old library books.

The class meets twice a week for lectures on the history and use of books. Each student spends three hours a week in practice library work. Most of this practice is carried on in the high school library.

Only books which are worth it are sent to the bindery to be rebound, but many others are reclaimed by the library workers, who are learning how to clean, mend and press old books. This work is practical and very interesting, for some times a poor, bedraggled volume comes in looking as if it were ready to "give up the ghost." After it has been "rejuvenated" by these students it is ready to again face the world and instruct eager college and high school students.

Other work in the library course consists of checking mail, straightening shelves, and finding magazines. Sometimes one of them presides over the college library, in the absence of the librarian.

It is puzzling that men students have not enrolled in this course, for opportunities are open to both sexes alike, in this field.

Wanted: "A man for gardening, also take charge of a cow, who can sing in the choir and play the organ."—Exchange.

Press Club Will Hold Progressive Party Next Month

Something distinct and new in the way of entertainment will be given by the Press club in their progressive party to be held at the end of the month in their "All Nations party". Featuring in foreign dishes and homes decorated by the individual members in the European atmosphere, promises an event of much interest to the students of the campus.

Each school year the Press club sponsors one outstanding social event. During 1929 the club has been one of the most active organizations on the campus. The outstanding function being the combined O. K.-Press club Halloween party at the haunted house in El Modena.

Club members are now in anticipation of the chief function of the year, an All-Nations Progressive party. Various club members have donated their homes for the affair.

Because of the resignation of Mrs. Alan Hoge, formerly Eleanor Reid, who was serving as chairman of the entertainment and "eats" committee, committee members will hold a short business meeting to select a new leader. The date of the party will also be decided upon.

The date of the committee meeting will be announced in the daily Don, according to Doyle Stockton, club president. Conflicting events scheduled have postponed the tentative dates heretofore set.

Book Review

"THE WORLD ON ONE LEG"
By Elley Walter

"The World on One Leg" sounds like it might be some relation to the "Cockeyed World", but it's far from that. Elley Walter, the author, is a young boy who was forced to have his leg amputated, while attending university. "The World on One Leg" is the story of his life, written in a very interesting manner. His accomplishments in spite of the loss of his leg are astounding. He has traveled around the world, working his way the majority of the time. In the few years of his life, young Walter has had far more experiences than most of us have in two lifetimes.

One of the outstanding things in this book is the easy manner in which Elley made friends. He visited many countries, and made acquaintances wherever he went. In his travels throughout the world it was necessary for the author to have his leg operated on several times. His vivid story of on who overcomes physical handicap is truly inspiring.

A house party of 16 at Laguna featured the vacation enjoyed by Leslie McDonald.

Judge: "Now, sir, please tell the court what passed between you and your wife in that quarrel."
Defendant: "A flat iron, a rolling pin, and a kettle."

DOINGS OF THE DONS

Agnes McKinstry was in Hollywood with her sister about a week during Christmas vacation.

Don reporter: "Did you do anything over Christmas vacation?"
Helen Lee: "No, were we supposed to?"

Writing letters and receiving Christmas presents seemed to be Lurena Woods chief occupation over the vacation.

Eating at home for once was Gladys Earley's way of spending Christmas.

Motoring down to Casa Grande, Arizona, Beth and Catherine Cosner spent their Christmas vacation with their family.

Going horseback riding, playing golf, attending the Biltmore New Year's eve, and spending Christmas in Long Beach is Lillian Newman's way of spending her Christmas vacation.

Irene Whistler made whoopee at dances and parties over vacation.

Clara Almond says she tripped over to Long Beach. Wonder what she did?

Among those who spent the time in bed during vacation were Elva Cook, Mary Louise Budrow and Rachel Smith.

Among those who won't say what they did are Helen Hendricks, Nancy Cox, Helen Stein, and others. We have our suspicions.

Here is the story of June Arnold's Christmas vacation. Miss Arnold spent a week in Long Beach before Christmas. She attended three dances and other parties, spent a day in Los Angeles and went to Baldy. On New Year's she spent the day sick in bed. The climax to a perfect vacation.

U. Grant B. Meyer and family enjoyed a turkey dinner Christmas at Stockton, motoring up and spending the vacation there.

Pete Magdelona spent his vacation working in a service station at San Clemente.

Justin McGill and Wayne Haefer took in the Rose parade at Pasadena, New Year's day.

Marcia Elliott was confined to bed with a light touch of flu during her vacation at her Artesia home.

Chet Page spent several days of his vacation at Willow Springs, located on the Mojave desert. He brought back several very interesting facts about the Artesian wells of that vicinity. He also visited one of the gold mines of that region where millions of dollars worth of gold has been extracted. He then returned to the simple life of working in one of the local theaters.

Mr. and Mrs. T. E. Williams as guests of the Engineering club of the high school enjoyed four days at Big Bear after Christmas, Mr. Williams returning with a blister.

At the mountains and at the beach was where Joanna Day enjoyed herself in vacation days.

Pauline Prescott spent part of the vacation visiting her grandmother in Los Angeles.

After attending Institute in Los Angeles J. Russell Bruff with his family spent the remainder of the vacation on a camping trip in the Colorado desert collecting the usual plants.

Pasadena on New Years Day seemed to be quite popular for many jaycee students. Isabelle Siracusa saw the Rose Tournament and then "Hit the Deck" in Los Angeles. Maybelle Ball saw the Rose Tournament had dinner in Los Angeles, and saw "Flight". Mary Louise Budrow saw everything at Pasadena New Years.

Marge Adams stayed in bed Christmas and went swimming New Year's day.

Toots Staples after visiting in Montebello and Pasadena brought Miss Jean Giddings of Pasadena junior college for Thursday and Friday.

EDITORIAL

By Fred Humiston

An organization about which little is known but is doing big things is the deputation team.

College students today are looked upon by many as radicals who cast out all firmly established beliefs about this world and have taken an attitude of skepticism and scorn of anything serious.

The deputation team goes to churches in the surrounding communities and gives talks pertaining to the religious views of present day students. Thus they are making a contact with people that will bring about a better understanding between church and school. Their new ideas aren't as terrible as they are cracked up to be and the beliefs of some members of the team are as fundamental as the most old-fashioned member of the congregation before them.

These fellows are also getting practical experience which is unequalled even by a course in public speaking.

The Junior Lions wish to express their gratitude to Rodney Chamberlain, editor of the Don, for the space he has given them in the paper this week. The cooperation of all others who have helped to make Junior Lions week a success is deeply appreciated.

This week has been set aside as Junior Lions week. During this period the organization will take charge of several college affairs, including an assembly and a dance. The purpose of this week is to call attention to the activities of the club, not with any intention of praise or glorification of themselves but to show that there is a live and active group of fellows who are working for the interests of S. A. J. C.

Junior Lions are not a local group but an organization of statewide and even national proportions. The watchword of every chapter is service. This is why the Junior Lions was organized and why they continue to exist and flourish.

Last year when the first Junior Lions week was observed the club had just been organized. Everything then lay in the future and hopes and aspirations were high. Now at the end of the year the members can look back over the past and note the outstanding accomplishments. But even greater things are planned for the year ahead. So with this week the Junior Lions bring to a close their first year and enter enthusiastically into the second, which they hope will be one of even greater achievement.

Election time is here again. Every year the administration of student affairs becomes better and it seems that each subsequent president will find it difficult to surpass the record of his predecessor. But advancement continues, and now one of the most successful terms in the history of the college is drawing to a close.

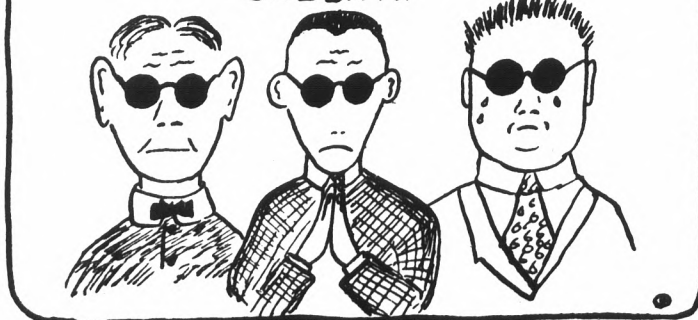

The first semester is always the most difficult because it involves getting the ball of student government rolling, welcoming and making the new students feel at home and facing the great problems of the year. The second semester the president primarily has only to keep things going from the previous semester.

During the past semester with Bob Chapman as president not only have the regular routine affairs been managed but several innovations have been introduced.

The great work of the president for the second semester is to gather up the loose ends, finish up the work already begun and so bring the year to a successful close.

FOR FRESHMEN FEMMES

NO - NOT BLIND. JUST OBSERVING BACHELORS' SABBATH

NEW YEARS

Expressions of all kinds are to be seen on the faces of students here in Santa Ana junior college since their return to school.

The Christmas holidays made some happy; perfectly ecstatic, unconcerned and indifferent to everything. On the other hand some look absolutely dejected.

I questioned one particularly happy looking freshman concerning his state of mind.

"Why the 'I own the world' expression?" I asked. "Oh, I've met the most wonderful girl in the world, my ideal."

There followed such an outpouring of description, praise and what not, that I remembered an important engagement just to be rid of him.

My next victim was one of opposite appearance. Your best pal give you the go-by?" I wanted to know. His, "Oh shut up" made me interested.

"I'll bet you flunked something or expect to." "Naw! Dad shut off my allowance 'cause I got to extravagant buying presents for a—um a few friends of mine and here I am without a cent to buy gas for my buggy."

"Is that all?"
"All? say, cheese, what more could happen?" Why, if you had gas you might run into someone and smash your car or you might get arrested for speeding."

Followed by a black look, I made my way toward the Don office where I composed the above masterpiece.

From what is heard around the halls, it would seem that the boys went to Asilomar were a trifle cold.

Miss Ida Spicer, Miss Helen Hendricks, and Miss Clara Almond had a dinner party Friday evening in honor of a guest from San Luis Obispo.

Many of the girls labored during the vacation behind the counters at Woolworth's or Kress'.

A group of the college students went to Pasadena New Year's Day and watched U. S. C. just walk all over Pitt.

Many students who attended Santa Ana junior college last year were home for the holidays.

Eleanor Turner, Art Gross, and Rex Brown were home from Berkeley, Justina Palmer from Whittier, Willard White from Stanford, and Mary Bruner from Pomona.

City boy (looking at first wind-mill): "Gee, Uncle Tom, that's some electric fan you have out there cooling the cows!"

"Do you and the wife ever think the same?"

"When I'm late at the club we do. She keeps thinking what she'll say when I get home, and so do I."

The Deacon Didn't Arrive

At the time of the assassination of President McKinley, Deacon Brown, visiting Buffalo from a rural town of Massachusetts, was very much impressed with the bulletins issued at intervals from the sickroom.

Returning home and finding that Deacon Jones, a prominent member of the village church, was ill, he decided also to issue a bulletin, and they appeared as follows:

6 p. m.—Deacon Jones seriously ill.

7 p. m.—Deacon Jones rallied slightly.

9 p. m.—Deacon Jones has had a relapse.

11 p. m.—Deacon has gone to Heaven.

Early in the morning of the next day, a tramp, seeing the last bulletin, and owing Deacon Jones a grudge, added the following:

7 a. m.—Great consternation in heaven; Deacon Jones has not arrived.

Riddles

1. When is a window like a star?
2. What is enough for one, too much for two, and nothing for three; takes one to make and two to keep?
3. What is it that has a mouth much larger than its head?

Answers to be found in next week's paper.

NOTED STUDENT SKETCH

STEWART McPHERSON

It is quite fitting that Stewart McPherson, commissioner of men's athletics and the president of the Junior Lions should be chosen this week for the following dissertation inasmuch as this is Junior Lions week in the college.

McPherson is in active charge of the many activities of the Lions this week and is responsible for much of the success of the annual celebration. He is a product of the Santa Ana high school and was very prominent in activities there. Several of his achievements while in high school are as follows: member of the French club, Latin club, Class B football team, varsity track team, varsity tennis team for three years and captain in senior year, honor society, Senior class play and other dramatic productions.

Upon entering junior college two years ago, McPherson at once entered into the activities of the college and has made quite a name for himself in student body and club doings.

At present and in the past he has been treasurer of the French club, Junior Lions president, commissioner of social activities, commissioner of men's athletics, head of the student ticket sales, head of the student center committee, and first singles on the tennis team.

Dentistry will probably claim this popular student so any and all Dons having bridge, crowns and what-not are urged to look up Dr. McPherson. We'll donate a pair of pliers.

SOCIETY PERSONALS

Miss Miller: "Mr. Brown, do you mean to say that you can't name all the Presidents we have had? When I was your age I could name them all."

Jack Brown: "Yes, but there were only three or four then."

"Tell me," said the girl flyer as she prepared to hop from her plane, "is my parachute on straight?"

Mr. Glen: "What did Juliet say when she met Romeo in the balcony?"
Gladys Earley: "Couldn't you get seats in the orchestra?"

Nancy Cox has been engaged so many times that her ex-fiances have perfected an organization and adopted a yell.

Try This on Your Saxophone

Sheila saw a shot silk sash shop full of shot silk sashes when the sun shone on the shop!

Mr. Holmes: "John, if your father could save one dollar a week for four weeks, what would he have?"

Modern Child: "A radio, an electric refrigerator, a new suit, a Ford, and a lot more furniture."

Margie Walton: "Charles told me I was the eighth wonder of the world."

Helen S.: "What did you say?"
M. W.: "I told him not to let me catch him with any of the other seven."

The latest one is about the Scotchman who paid five dollars for a twenty-minute sightseeing trip in a plane. While he was up there he tried to persuade the pilot to try for the endurance record.

Now I leap to cross the street I pray the Lord to help my feet. pray the Lord to help my feet. t'will be an easy loss.

Whatever trouble Adam had, No man, in days of yore, Could say when he told a joke, "I've heard that one before."

A little girl's composition on men: "Men are what women marry. They drink and smoke and swear and have so many pockets, but they won't go to church. Perhaps if they wore bonnets they would. They are more logical than women and always more zoological. Both men and women have sprung from monkeys, but the women certainly sprung further than the men."

Los Angeles

Los Angeles junior college has installed a new lost and found department which has proved a huge success. In less than a week since installation of the department lost articles of more than 20 students have been returned.

Frances Harper worked at Brown's book store and went to the mountains New Year's.

Believe it or not, there are some members of this student body who used the Christmas vacation for studying. Elsiebell Hurd and Evelyn Parks say they deserve A's for their diligent studying.

Audrey Teel spent several of the Christmas holidays at Westwood.

Mrs. Alan Hoge, formerly Miss Eleanor Reid, well-known to college students, entertained at her home in Balboa. Guests included Ellen Margherita Sneybey, Betty Lou Snyder, and Louise Maloney.

Miss Eleanor Turner, former editor of the Algal, Rex Brown, and Arthur Gross of the University of California at Berkeley spent the Christmas holidays in Santa Ana.

Stanford was represented by William White and Eddie Gerhardt, Santa Ana College alumni.

La Vonne Olsen visited in Los Angeles during the holidays.

Adele Wilson spent Christmas with her grandparents at Laguna Beach. She reports a turkey dinner and all the fixins'.

Eunice Hanson received a Christmas present in the form of a visit from her mother who came from North Dakota.

"Sky" Dunlap enjoyed the scenery at Big Bear during vacation.

Now why do you suppose three young men as apparently sensible as Jack Rimel, George Warner and Delmer Brown should need a reprimand from Dean Fisk during vacation and far away from school, under the stately pines at Asilomar? Well, the old predisposition of adventure got to working in these three gentlemen and carried them away from camp down to San Jose and past the ticket office into the land of make-believe before a silver screen.

After the show, when the old gregarious instinct returned them to their flock, chief herdsman Fisk was there to round them in with a censorious word or two for misconduct.

But that wasn't all these three thought up to do, for a main feature of their entertainment was a race in getting letters from Santa Ana. Confidentially, Delmer won—at least he told a Don reporter so, but now please don't tell anybody because I'm not sure he'd want me to tell you.

Anyhow, "a good time must have been had by all" considering that among the chief events were included a spirited waterfight, a roaring campfire New Year's eve, and a basketball game with Los Angeles junior college, Saturday, in which Santa Ana won 27-7.

On the way up, Dean Fisk's carload stopped at Salidad to see the pinnacles, where some excellent pictures were taken.

POETRY

Rain

It rained and spoiled the week end
It rained and spoiled my date,
It rained and I stayed home—
Oh cruel, cruel fate!

Why did it rain all Sunday
And make me feel so bad?
It didn't rain any other time—
That's why I am so sad.

Yes, only Sunday didn't rain.
On Sunday it just poured,
And so I couldn't go out riding
In my sweetie's open Ford!

Sleep

Let's give three cheers for joy,
For Christmas now is past,
And I can come back to school
And get some sleep at last
For two long weeks I've craved
To lay me down and sleep
But they said I mustn't waste time
'Cause Christmas wouldn't keep.

Bravely then I've stayed awake
And went where e'er they said
But all the time I wanted
To go home and go to bed.
I didn't get to sleep
More'n thirteen hours a day.
I don't think they should treat a girl
In such a heartless way.
But now, Oh glory be,
I can sleep a while in class
And I don't care a little bit
Whether I flunk or pass.
If they'll only let me slumber
As I've longed to do
I'll give 'em all a vote of thanks—
That's what they're entitled to.

EXCHANGES

University of Kansas

Minneapolis professors were requested to check each eye in the roll call with the corresponding feature.

Believe it or not four pounds of gum were scraped from chairs desks and tables in the library at the University of Kansas, according to a news item in a current issue of the University Daily.

Sacramento

As a gift to the Sacramento junior college the 1930 graduating class presented a store bench to the school. This is the first time in the history of the junior college that a graduating class presented the school with a separate gift in addition to the usual numerals.

U. S. C.

The Daily Trojan of U. S. C. is now a six page seven column edition, with a proportionately enlarged staff.

Crane, Chicago

Muzio, the Civic Operat singer, was heard by the entire student body of the Crane college at Chicago the Monday preceding Christmas vacation.

Honolulu

At the "Y" conference held yearly in California, the Territorial Normal School, Honolulu, Hawaii was represented for the fourth time. Kaulii and Nakata were the Asilomar delegates.

Radio in Honolulu

The Honolulu public is entertained by students of the Territorial School over the radio station K. G. U.

San Bernardino

In 94 per cent of the courses which San Bernardino junior college students are taking no failures were recorded when deficiency notices were issued after mid semester exams.

Pasadena

"Carmen" opera by Bizet will be presented in the Pasadena junior college auditorium, January 7 and 8. Louise Caselatti will sing the role of Carmen.

Fullerton

Seventy-four per cent of the Fullerton junior college students prefer a junior college to a four year institution, according to the results of 200 questionnaires issued at that institution.
